A Message from the President

It is with great pleasure that I present the 2011-2012 Criminal Justice Academy Annual Report. The report highlights the many successes of the Criminal Justice Academy as a result of the support and assistance from many different organizations. Our efforts to help the youth of our community achieve academic and career excellence remains at the core of our mission. The support of our partners is helping our Academy cadets obtain college scholarships, college mentorship services, SAT preparation assistance, team building opportunities, and career readiness.

In our report you will find an overview of the services that were provided to the cadets of the Criminal Justice Academy. Our program continues to improve as evidenced by the dramatic increase in the number of cadets entering four-year universities; the rise in the number of cadets who attained a 3.5 GPA level or greater; the number of senior and junior cadets who receive personalized college admissions assistance; and the growth in the number of cadets enrolling in our SAT tutoring workshops.

All of these core program improvements could not have been possible without the commitment from public and private organizations. Together we can make a difference in the lives of our youth by building a challenging environment that is physically and emotionally safe. The Criminal Justice Academy serves as the cornerstone of these principles that motivates us toward achieving our goals.

On behalf of the Board of Trustees, I want to thank all of our partners for their continued support in making the Criminal Justice Academy such an incredible success.

Sincerely,

Sandra Kataoka, President
Sacramento Police Foundation

Sacramento Police Department
5770 Freeport Boulevard, Suite 100

Sam Somers, Jr., Deputy Chief of Police
Brian Louie, Deputy Chief of Police
Dana Matthes, Deputy Chief of Police
Dan Schiele, Deputy Chief of Police

A Message from the Chief

The Criminal Justice Academy has one priority, the success of each and every cadet that we have the privilege of serving. I take great pride in watching our youth grow and develop into successful and productive young men and women. It is the Academy experience that helps to instill a sense of civic and moral responsibility within the mind of each cadet. We are committed to providing our cadets with an academically and technically sound program that is challenging, yet safe.

The Sacramento Police Department works in partnership with the Sacramento Police Foundation to help our cadets navigate the challenges of the future. It is this unique partnership that truly makes a difference in building innovative and progressive programs that serve the best interest of our youth. The Criminal Justice Academy is one such program that helps cadets achieve higher GPAs, higher graduation rates, better attendance, and higher college entry rates. By working together we continue to make a difference in the lives of our cadets.

I want to personally thank our partners for providing support and assistance to the Criminal Justice Academy. Your contributions have been vital to the success of the Academy and the cadets.

Sincerely,

Rick Braziel, Chief of Police
Sacramento Police Department

The Mission of the Sacramento Police Department is to work in partnership with the Community to protect life and property; solve neighborhood problems, and enhance the quality of life in our City.

PROGRAM OVERVIEW

The Criminal Justice Academy is a partnership between high schools, and public and private organizations that focus on providing knowledge and skills-based education relevant to the work environment high school students may encounter upon graduation. The Criminal Justice Academy offers a school-within-a-school framework, taking students as a group from their freshman year through their senior year. The program is a paramilitary type of academy modeled after the Sacramento Police Department's Police Academy. Students who enter the Academy agree to uphold its higher academic requirements, technical skills, and citizenship standards than those of a regular student. Students are required to meet the following expectations:

- Volunteer 50 hours of public service a year
- Maintain a 2.0 GPA
- Maintain an 80% attendance rate
- Earn 90% of their credit requirements to qualify for graduation
- Wear uniforms once a week and undergo uniform inspection
- Participate in physical training where they learn to march in formation and move as a team

The success of the Academy can be seen by examining the enrollment numbers over the last four years. Since 2008, the Academy has swelled from 291 cadets to 467 at its four schools. This dramatic increase can be attributed to the popularity of the opportunities created within the Academy program.

The Mission of the Criminal Justice and Public Service Academy is to strive through teamwork, to promote higher academic achievement, develop marketable career skills, encourage continued education, and enhance the quality of life in our community.

| ENROLLMENT 2011-2012 | 9th | 10th | 11th | 12th | Male | Female |

| Grant | 78 | 46 | 42 | 45 | 97 | 116 |
| Johnson | 21 | 30 | 28 | 15 | 46 | 45 |
| Kennedy | 35 | 19 | 17 | 22 | 51 | 43 |
| TOTAL | 156 | 115 | 104 | 92 | 227 | 240 |

ACADEMY EVENTS

Career Day

The Magnet Academy held its 6th Annual Career Day at the Sacramento Police Department's Communications Center. This annual event was designed to help our cadets learn valuable job research skills. Each cadet was provided with the skills necessary to develop resumes and cover letters useful in private and public sectors. Cadets were also provided with instruction in public speaking and interview skills. At the end of the day, cadets had a much better understanding of what is necessary to be competitive in the job market.

CSI Sacramento

The 6th Annual Crime Scene Investigations event was restructured to mimic real-world events in the life of a criminal justice practitioner. The newly-formed CSI program entailed four specific components: Crime Scene Investigation, Patrol Operations, Investigations, and Dispatch Services. Each component within the event required teams of cadets to participate in a series of four scenarios. For example, the Crime Scene Investigation component required our cadets to apply real-world forensic investigation techniques to properly locate and process evidence found at four different crime scenes. The event provided our cadets with practical hands-on experience in conducting crime scene investigations.

Law Ball

The Magnet Academy hosted its annual Law Ball event at the Joseph Serna Center in Sacramento. Our most successful event yet was home to more than 200 cadets. The evening was filled with music and excellent food prepared by the Sacramento City Unified School District's Nutrition Services Unit.

All-Academy BBQ

Our annual All-Academy BBQ was hosted at Discovery Park in Sacramento with almost 100 cadets from each of our four academies in attendance. The All-Academy barbeque is our final event of the year and celebrates the hard work, dedication and commitment exhibited by all of our cadets. Volunteer and former Academy graduate, Prince Rasheed, along with alumnus Nahli Mua, cooked up a storm.

Quiz Bowl

The theme for this year's 5th Annual Quiz Bowl Competition was rightfully termed: Family Feud. Each of the four academies descended upon McClatchy High School to compete in a battle of wits. Cadets were tested in a variety of knowledge and skill areas from the Penal Code to the U.S. Constitution. The event was a wonderful eye-opener as cadets amazed onlookers.

All-Academy Challenge

The 7th Annual All-Academy Challenge consisted of eight total events in which cadets compete against each other. The challenge required teams to participate in a variety of games that included: puzzle assembly, a human pyramid race, tug-of-war, dodgeball, obstacle course, and a physical skills course. The All-Academy Challenge continues to be our biggest year-end event with over 300 cadets in attendance. Congratulations to all who came out to enjoy the day's festivities.

ACADEMIC EXCELLENCE

We are very proud to recognize those cadets who have reached the highest level of Academic Excellence. These cadets worked extremely hard in and out of the classroom. Congratulations Cadets!

The Criminal Justice Academy strives for academic excellence. In reaching that goal, enhanced curriculum development combined with greater teacher intervention is helping to improve cadet grade point averages. The hard work by our teachers has improved overall GPA averages by .1- .5 points.

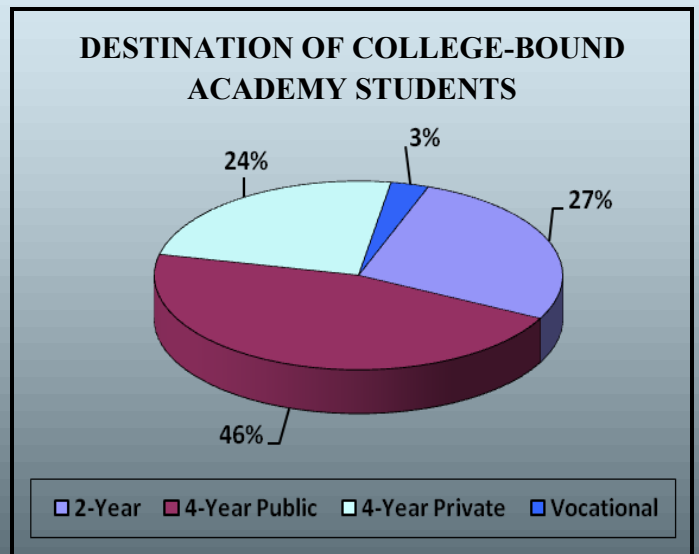

The Criminal Justice and Public Service Academy continues to be one of the most successful career technical education programs in the state. During the past year, each of the four academies has graduated 100% of its students. The success of the program relies on the dedication and hard work of the Academy's officers, teachers, parents, students and program sponsors.

The Criminal Justice program strives to instill academic and career excellence through hard work, commitment and teamwork. The program offers every student a chance to make positive choices that will have far-reaching benefits for their future.

Our greatest success can be seen in the number of graduates that attend college. Once again, the Criminal Justice Academy has helped all of its 92 graduates attend college. The program has helped 70% of our college-bound graduates enter a 4-year public or private university, while 27% will enter community college, with the remaining 3% entering a vocational school.

HIGHER LEARNING PROGRAMS

COLLEGE MENTORSHIP PROGRAM

The College Mentorship Program began in January of 2012 in an effort to increase the number of cadets receiving specialized assistance with the college application process. As a result, the College Mentorship Program has reached out to all 196 juniors and seniors within the Academy. The efforts of our college mentors have proven extremely successful as the number of cadets entering a 4-year university has risen by 25%. The College Mentorship Program has exceeded expectations.

SCHOLASTIC APTITUDE TEST (SAT) WORKSHOPS

Since 2008, the Sacramento Police Foundation and its partners have contributed over \$48,271 toward college preparation and SAT assistance programs. The SAT has long been one of the principle evaluation methods colleges use to determine eligibility requirements for admission. As a result, it was necessary to reach out and teach more cadets the unique strategies for obtaining high SAT scores. The SAT program was restructured to a 6-week program format offered four times per year. Since 2010, the SAT program has helped a total of 135 cadets.

The SAT workshop is taught by an experienced 20-year veteran in the business of education. Gerald Sanders, a former Kaplan instructor, provides our cadets with a challenging, yet exciting, experience. The SAT program has seen a dramatic growth rate from helping 17 cadets to reaching 80 by the end of 2012. The average test score is on the rise by almost 20% from the previous year.

| Scholastic Aptitude Skill Development | 2010 | 2011 | 2012 |
|---------------------------------------|------|------|------|
| Juniors/Seniors | 108 | 184 | 196 |
| SAT Workshop | 17 | 38 | 80 |
| Tested | 17 | 28 | 39 |
| SAT Average | 1150 | 1000 | 1200 |

SCHOLARSHIP AWARDS

SACRAMENTO POLICE FOUNDATION \$1,000 COLLEGE SCHOLARSHIP WINNERS

The Sacramento Police Foundation takes pride in being able to provide college assistance to those cadets who have exhibited great character throughout the academy. Since 2008, the Sacramento Police Foundation has awarded over \$84,000 in total scholarships to Academy cadets. Cadets are required to write an essay and participate in an oral interview process. Winners are selected based on character, leadership, maturity, and presentation skills. Eighty-three percent of those cadets who received a scholarship have been accepted into 4-year public or private universities.

The 2012 College Scholarship winners are:

Grant High School

Rachael Torres
Alana Gerasimchuk
Juan De Luna

McClatchy High School

Victoria Takimoto-Steele

Johnson High School

Tiffany Pierce
Jennifer Chapman

Kennedy High School

Andrew Dotson
Mai See Yang

DESTINATION OF COLLEGE-BOUND ACADEMY
STUDENTS SCHOLARSHIP RECIPIENTS

EXCELLENCE IN LEADERSHIP

Leadership Development

The Criminal Justice Academy believes that character is the foundation for developing successful and productive cadets. The Academy gives cadets the opportunity to promote to ranking leadership positions such as Commanders, Captains, Lieutenants, Sergeants, and Corporals. Appointments to these vital positions allow our cadets to learn the complex nature of leadership and the dynamics of human relations. The Sacramento Police Foundation sponsors an annual summer Leadership Camp where cadets learn about integrity, honor, and pride.

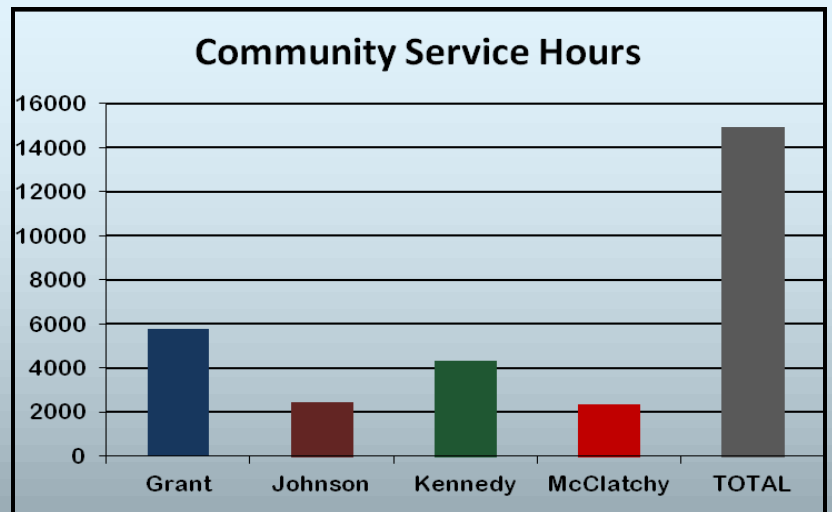

Organizational Management

Rank officers are assigned areas of responsibility in which they oversee three specific organizational units. The Office of Administrative Services is responsible for classroom management, facility maintenance, and equipment and uniform inspections. The Office of Public Service is responsible for coordinating community service projects as well as promoting Academy activities through the use of a media relations team. The Office of Academy Services is responsible for building esprit de corps through the implementation of social-based programs such as dances, barbeques, and Academy challenge games. In addition, Academy Services provides assistance to cadets with educational and emotional support programs.

Community Service

The Academy believes in giving back to the community through service. Each cadet is required to perform at least 50 hours of community service per year. As a result of this commitment, our Academies have performed 14,947 hours of community service for the school year 2011-2012. Community Service is an essential component toward building character.

STUDENT SUCCESS

Aaron Bruner

Aaron is a 16-year-old senior from Kennedy High School. Upon joining the Academy during his freshmen year, Aaron earned a GPA of 1.5. He quickly faced many challenges early on with the passing of his father. The support from his mother and the assistance from the Academy helped Aaron develop into a mature and courageous young man. He applied himself academically and raised his GPA to 2.33. He continued to excel by obtaining the rank of Lieutenant. He plans to seek higher education by attending San Diego Community College. Aaron dreams of seeking a career as a firefighter.

Juan De Luna

Juan joined the Criminal Justice Academy at Grant High School during his freshman year in 2008. He quickly excelled both academically and professionally. He obtained a 4.0 GPA and maintained it through out most of his four years within the Academy. Juan didn't allow anything to stand in his way as he progressed to the rank of Captain. The position of Captain is one of the highest ranking positions within the Academy. Juan applied for and was awarded a \$1,000 college scholarship from the Sacramento Police Foundation. He was also accepted into the University of California, Davis where he will be joining his big brother and former Academy alumnus Jorge De Luna. Juan's dream is to one day become a police officer.

Jennifer Orozco

Jennifer is a senior at Grant Union High School. She joined the Criminal Justice Academy as a freshman in 2009. Her life in the Academy is quite different than at home. Jennifer is often faced with some very unique challenges that often follow being raised in a single parent home. Jennifer works very hard in school and maintains a 2.65 GPA. Her hard work and perseverance paid off when she promoted to the position of Captain within the Academy. Jennifer plans to attend California State University, Sacramento. As for her career aspirations, Jennifer plans on being an attorney.

FINANCIAL REVIEW
